

Students with Allergies...What We Need to Know

Safe to Do

- Sit at allergy table
- Stay in designated "pie piece"
- Allergy table is 100% Nut Free
- Wear gloves when helping students
- Be aware of ALL allergy plans
- Keep allergy bags moving with student
- Remember "personal bubble" space

Not Okay

- No trading food
- No sharing food
- No touching or opening food items
- No washing cafeteria tables
- No offering food to allergy students

Important to Know

- When in doubt-call parent
- Students know their conditions-ask!
- Extra Epipens are kept in the office
- Each reaction could be different

Be Aware of Allergy Symptoms:

- *Skin rashes, itchy skin
- *Swelling of lips, tongue, throat
- *Shortness of breath
- *Trouble breathing/wheezing
- *Dizziness or fainting
- *Stomach pain
- *Nausea, vomiting or diarrhea

The Office, as well as Recess and Lunchroom Coordinators have Allergen/Student Information, Care Plan sheets
