Annual Parent/Teacher Asbestos Notification

To: Parents and Staff of St. Joseph Catholic School
From: Teri Thomas, Principal
Date: October 14, 2019

St. Joseph Catholic School has had an Asbestos Management Plan prepared in compliance with the USEPA Asbestos Hazard Emergency Response Act (AHERA). This plan and subsequent updates are available for inspection Monday through Friday during normal school hours in the main office.

On October 11, 2019, a three-year re-inspection, required by the AHERA regulation, was conducted by a Michigan Accredited Asbestos inspector to re-evaluate the condition of asbestos containing materials at the facility.

The three-year re-inspection also evaluated Operations and Maintenance procedures that will keep asbestos materials in good condition.

If you have any questions, please contact Mark Stewart, Maintenance Supervisor, who is our designated person for asbestos activities.
